- Supervision visits

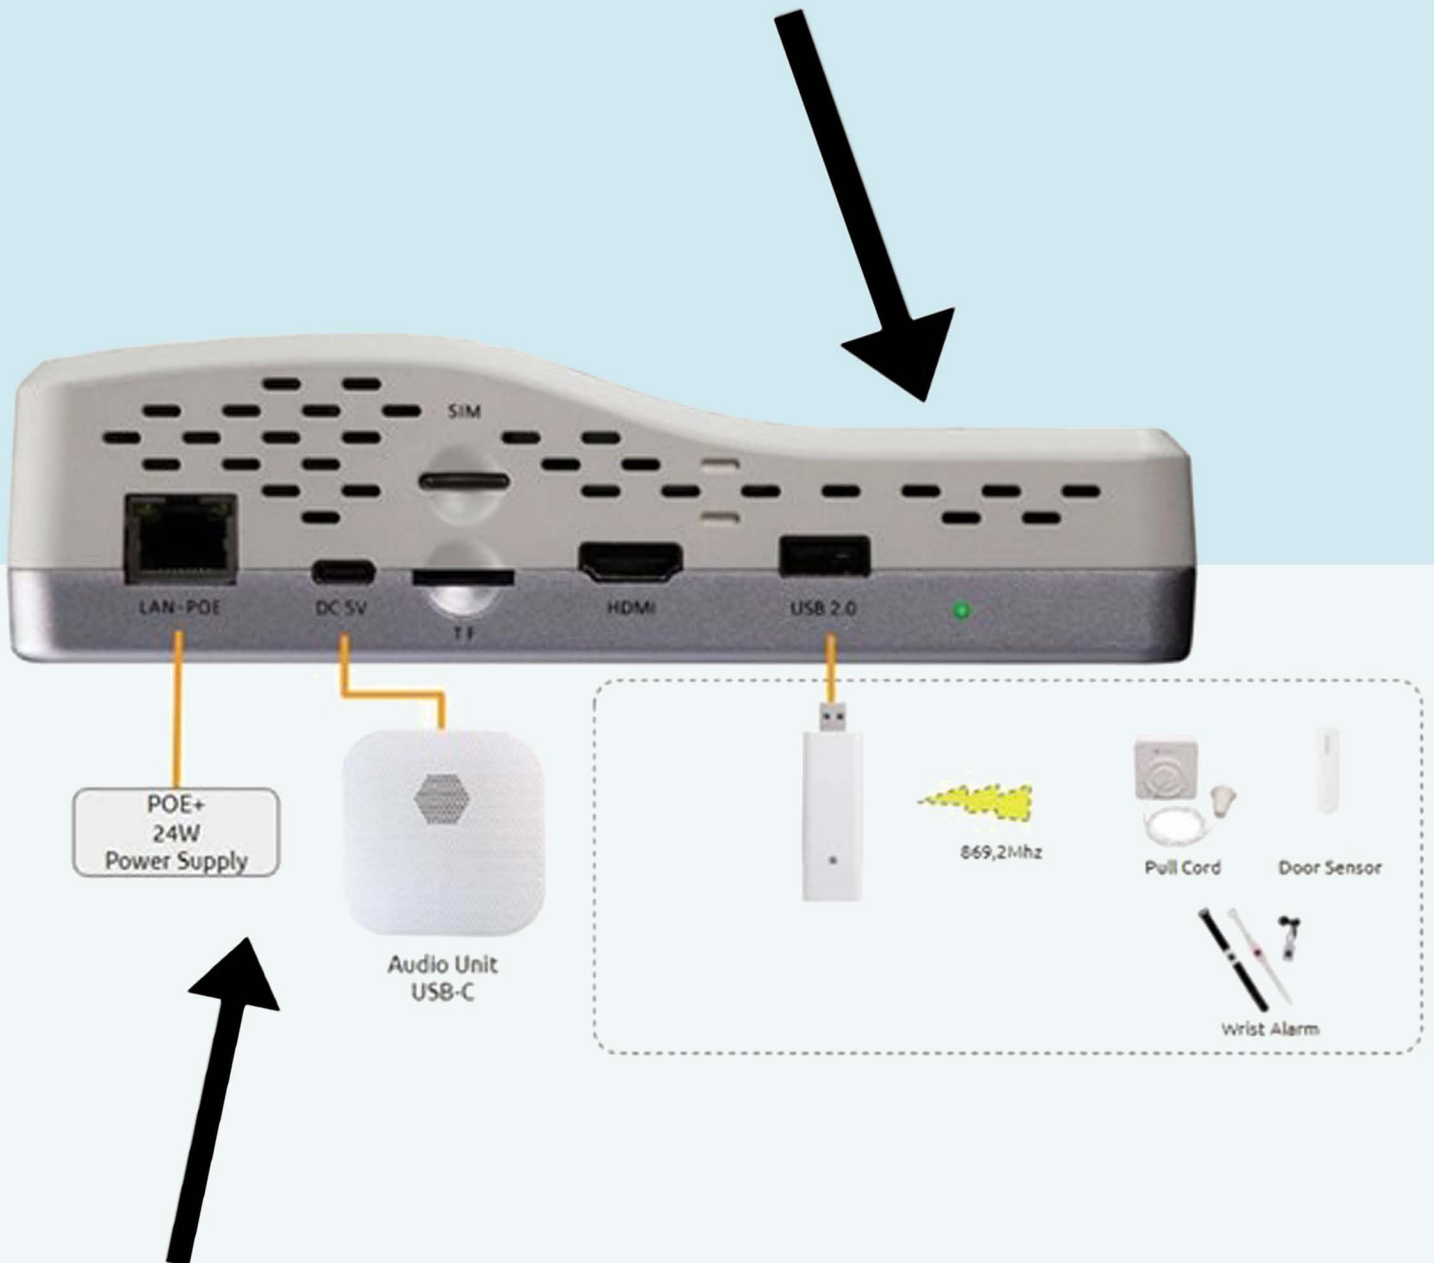

- Alarms when offline/online

# AI PHERIPHERALS

When we upgrade POE power supply to 25W, we will re-arrange USB-C to be the preferred audio connection. This will make the USB 2.0 available for a standard Climax RF dongle supporting Pull Cord, **Door Sesnors and Wrist Alarms** that could bring added value to Nattugla.

Climax RF (**0,45W**) Dongle enable any devices with USB serial port to be intergrated into the network with the dongle via virtual COM port, USB to UART interface, providing easy compatibility solution for existing products.

# 4G DIGITAL LIFELINE WITH THE PENDANT

# YOUR SAFETY OUTSIDE

## ENJOY EVERYDAY LIFE, IN COMPLETE SAFETY

### 1 ONE PRESS TO RAISE THE ALARM

In case of need and 24 hours a day, a simple press on the red button of the watch is enough to launch the alarm. This is effective in all situations, such as in the event of a fall outside, discomfort, aggression or feelings of anxiety. The watch is completely autonomous and does not require a case or a mobile phone.

### 2 A FEW SECONDS TO CONNECT

We talk to you via the watch's built-in speaker and microphone. If necessary, we can geo-locate your GPS position to provide emergency services with accurate information. If the situation requires it. We call a relative, a neighbour or the emergency services to come to your aid.

# THE ANYWHERE WATCH

## ALARM FUNCTION

One press of the red button to send the alarm

## 36H OF BATTERY LIFE

We advise you to charge it every night

## LIGHT TO WEAR

The watch is discreet and easy to wear

## GEOLOCATION

Relatives can receive the GPS position by SMS

## EASY CHARGING

A special senior magnetic charger is provided

## TIME FUNCTION

And of course, like any watch, it shows the time

# THE ANYWHERE GPS TRACKER

## Features:

### SOS Alarms

If the SOS button is pressed an alarm is created to our 24/7 monitoring centre Battery 36/48 Hours

### Real-time location monitoring

The device can use its data connection to automatically update its alarm status and location in the online tracking platform.
